

## SAUVIGNON BLANC

*Sonoma County 2024*

Over the years, we have added new varietals, blends, and appellations to our Diamond Collection, especially when we find unique vineyard sources. Our Diamond Collection Appellation Series Sauvignon Blanc continues this tradition, being sourced from Sonoma County. Sonoma County is well known for its varied climate and geography. The Sonoma County Sauvignon Blanc is an exciting addition to our Diamond Collection portfolio, expressing vibrant fruit expression. It is a wonderful tribute to this beautiful place and enticing varietal.

### WINEMAKER'S NOTES:

This vintage of the Diamond Collection Sonoma County Sauvignon Blanc is harvested at peak ripeness in the cool of the night, then gently pressed and fermented to capture vibrant citrus and tropical fruit notes. This wine has a crisp, zesty start, reminding us of the beautiful weather to come. Entering with mouth-filling flavors of stone fruit, apricot, and peach, the mid-palate is supple and flowing, leading to a clean and refreshing finish. Aged in stainless steel, it retains bright acidity and a natural, lively character.

### SCENTS OF:

Grass, Lime, Green Apple
